

MEMBER GRANTS FOR EDUCATION IN THE MANUFACTURED HOUSING, RV AND CAMPGROUND OR SELF-STORAGE INDUSTRIES

The Tim DeWitt HARVEST Education Foundation is a nonprofit education foundation created by the Michigan Manufactured Housing, Recreation Vehicle and Campground Association in 1991. In 2013, the Self-Storage Association of Michigan was added. The Tim DeWitt HARVEST Education Foundation establishes educational opportunities for students who wish to make a career in the RV and campground, manufactured housing or self-storage industry, or current members of the industry to further their education and training.

Who is eligible for a Member Grant?

MMHA, MARVAC and SSAM members in good standing (and their employees) are eligible to apply for “member grants” to be applied to industry-specific training.

What qualifies as an industry training course?

Member awards can be used for underwriting costs for an industry-specific education course or seminar. Educational subjects can range from management to technical training. Educational providers can be industry associations, colleges, private training schools, or manufacturers. Depending on financial ability, the Foundation may elect to pay up to half of the cost.

How is the grant awarded?

Awardees will be reimbursed upon receipt of proof of payment (e.g., email confirmation of credit card payment) and proof of course/program attendance (e.g., completion certificate). Copies of documents are acceptable.

When do I apply?

If the application is related to a one-time course or seminar, please apply at least 3 weeks prior to the course/seminar. All information must be completed for consideration. All Seasons Communications, the associations’ marketing agency, manages the program. Please call 586.752.6381 or send an email to bmonicattiblank@allseasonscommunications.com with any questions.
